Present...

AFGHANISTAN BUSINESS DIALOGUE

What is the Afghanistan Business Dialogue?

The Afghanistan Business Dialogue is a series of seminars, events and discussions co-sponsored by the Embassy of Afghanistan and Afghan-American Chamber of Commerce to provide information to facilitate investment and business in Afghanistan.

The Dialogue will include quarterly events each year. Events planned for 2006 include informative seminars on USAID Procurement and Contracting, World Bank Procurement and Contracting, Opportunities in Afghanistan's Energy Sector, and Afghanistan's Privatization Program.

Opportunities Through Afghanistan's Privatization Program

The *Opportunities Through Privatization Seminar* is the third event for 2006. We are delighted that H.E. Ambassador Said Tayeb Jawad will make the Welcoming Remarks.

The purpose of this program is to provide information on unique opportunities available for the first time through Afghanistan's Privatization Program. There are over 50 state owned companies that will be available for sale through privatization.

A representative from Emerging Markets Group, which is assisting the Afghan government and serving as a resource for investors, will lead an informative presentation that will be followed by a question and answer session. Attendees will also be able to meet staff from the Embassy and members of the Afghan-American Chamber of Commerce. We are delighted that three companies from Afghanistan will also be represented.
