# AFGHANISTAN BUSINESS DIALOGUE

## What is the Afghanistan Business Dialogue?

The Afghanistan Business Dialogue is a series of seminars, events and discussions co-sponsored by the Embassy of Afghanistan and Afghan-American Chamber of Commerce to provide information to facilitate investment and business in Afghanistan.

The Dialogue will include at least one event a month and inclusion in the Embassy's Business and Investment Distribution List. Proposed events include seminars with staff from the World Bank, Asian Development Bank, International Finance Corporation, Multilateral Guarantee Agency, and others.

## OPIC Loan and Insurance Training Seminar

The first event is an "OPIC Loan and Insurance Training Seminar." We are pleased that H.E. Ambassador Said Tayeb Jawad will make the Welcoming Remarks.

The purpose of this program will be to provide detailed information on the Overseas Private Investment Corporation's programs, application process, and requirements. Senior staff from OPIC will attend and lead the presentation, which will then be followed by an interactive question and answer period.

This seminar will hopefully provide detailed information on this U.S. agency's programs, enabling potential investors to better understand the process. Attendees will also be able to meet senior staff at OPIC who handle the agency's program for Afghanistan.

### OPIC Loan and Insurance Seminar
